Rare opportunity to own 35 acres of beauty just 5 miles west of Epic. No stop signs or lights to stop you from a clear shot down Hwy G to Verona! Former home of president of the Wisconsin Daylily Society, the grounds abound with daylily gardens, yard art, with great mix of wood, gardens and open spaces. Deer abound as do turkeys and other wildlife.

The _____ sq. ft. home with _____ and _____ gives an elegance to the country lifestyle most people dream about. It's here waiting for you! A generous outbuilding enhances the property usage and with a circular driveway, there is ample room to move vehicles seamlessly wherever needed. There are trails throughout the property and boundaries are clearly marked with PVC pipes that show the corners or wiggles in the boundary line.
